

SOCIALISTS  
VERY STRONG  
Victory in Several Cities is Surprising  
STRIDES AMAZE POLITICIANS

They Elect in Ohio Cities Ten Mayors  
—The Party's Candidates Run Well in Several States.

New York, Nov. 9.—A feature of the election which interested politicians yesterday almost as much as the local results was the success of many Socialist candidates for mayor, and the large vote the party polled in many sections. They were more than surprised when they learned that ten Ohio cities, two of them of note, elected Socialists as mayors, while eight lesser cities followed suit.

The election of a Socialist mayor in Schenectady, N. Y., and an assemblyman from the same party, was considered a matter of considerable importance, as indicating the drift of politics. Even in Bridgeport, Conn., the Socialists received 4,000 votes, while the successful Republican candidate got only 1,500 more.

Socialists were elected mayors in Canton and Lima, Ohio, and in Lorain, St. Marys, Barborton, Cuyahoga Falls, Mt. Vernon, Toronto, Fostoria and Martins Ferry.

Dayton and Cincinnati each elected three Socialist councilmen. Cincinnati missed electing a Socialist mayor by five votes.

At Canton, Harry Schilling, Socialist, is believed to have beaten Arthur Turnbull, Democrat, by only three votes.

Corbin Snook, Socialist, was an easy winner at Lima.

Socialist leaders in Cleveland say that the increased party vote is due to organized campaigning. They declare the growth is normal.

SOCIALISTS NEARLY  
WIN IN MISSISSIPPI  
They Lost the Office of Lieutenant-Governor by Only a Scant Vote.

Jackson, Miss., Nov. 9.—Further returns early yesterday from Monday's election indicate that Theodore G. Bilbo, Democratic candidate for lieutenant-governor, will not lead his opponent, James T. Lester, Socialist, by more than 3,000 out of 30,000 polled.

TO BOOM INDUSTRIES.  
Wells River Valley Board of Trade Was Organized Last Night.

Wells River, Nov. 9.—At an enthusiastic meeting here last night, attended by about 100 men, the Connecticut and Wells River valley board of trade was organized. The purpose of the board is to promote the commercial and summer travel advantages of this section.

A representative of a Boston cold storage firm was present and addressed the meeting, and it is hoped a large cold storage plant can be established here. A number of other projects are in hand and will be pushed by the board.

The officers and committees elected are: President, Nelson Bailey, Wells River; vice-presidents, H. C. Camp, Barre, G. Nelson, Ryegate, E. L. McLean, Topsham, E. S. Rowland, East Corinth, M. A. Gale, Bradford, T. C. Andrews, Fairlee, A. B. Hale, Newbury, E. F. Clark, Groton, H. T. Baldwin, Wells River; executive committee, Fred Tewksbury, South Ryegate, A. E. Hale, Bradford, E. E. Kimball, Newbury; transportation committee, R. E. Farwell, Ryegate, Alex. Beaton, South Ryegate; publicity committee, H. E. Parker, Bradford, C. C. Lord, Groton, G. A. Demick, St. Johnsbury, W. J. Bigelow, St. Johnsbury, Rev. D. A. Fraser, Wells River, Rev. H. J. Newton, Bradford; ways and means committee, Alex. Greer, Newbury, G. F. Finch, Melndoes, E. F. Thurber, Fairlee; highway committee, H. T. Baldwin, Wells River, A. G. Jackson, Corinth, H. W. Tewksbury, Newbury, A. H. Stuart, Melndoes, William Thompson, Ryegate, F. L. Brigham, Bradford. The vice-presidents constitute the membership committee.

After the business meeting in the town hall, a banquet was served in Hale's tavern, at which a general discussion of the aims and opportunities of the board took place. Co-operation with the White Mountain board of trade is one of the objects of the new organization.

Where One-Sixth of Chicago Goes Every Sunday Night.

In the November Woman's Home Companion Jane Addams, the great Chicago settlement worker, is quoted as saying that "on a Sunday night in Chicago one-sixth of the entire population is packed into 400 moving-picture shows." There can be no doubt of the gigantic proportions of the business. Moving-picture managers are authority for the statement that in the United States 8,000,000 admission tickets are sold daily in 15,000 picture theatres.

GOVERNMENT CROP REPORT.

Estimated Corn Yield 2,776,301,000 Bushels—Last Year 3,125,713,000.

Washington, Nov. 9.—The crop reporting board of the bureau of statistics of the United States department of agriculture in its November crop report issued at 2:15 p. m. yesterday, estimates, from the reports of its correspondents and agents, the yield per acre, total production and quality of the principal crops, not already announced, as follows:

Corn: Production, 2,776,301,000 bushels, compared with 3,125,713,000 bushels last year. Yield per acre, 23.9 bushels, compared with 27.4 bushels last year, and 26.0 bushels, the ten-year average. Quality, 80.6 per cent., compared with 84.5 per cent., the ten-year average. The percentage of 1910 crop of corn on farms Nov. 1, 1911, is estimated at 4.2 per cent. (132,003,000 bushels) against 4.3 per cent. (119,056,000 bushels) of the 1909 crop on farms Nov. 1, 1910, and 2.3 per cent., the average of similar estimates of the past ten years.

Potatoes—Production 281,735,000 bushels, compared with 338,811,000 bushels in 1910. Yield per acre 80.6 bushels, compared with 94.4 bushels in 1910 and 92.8 bushels, the ten-year average. Quality 85.3 per cent., compared with 87.7 per cent., the ten-year average.

Wheat—Average weight per measured bushel, 57.8 pounds, compared with 58.5 pounds in 1910 and 57.6 pounds, the ten-year average.

Oats—Average weight per measured bushel, 33.1 pounds, compared with 32.7 pounds in 1910, and 31.2 pounds, the ten-year average.

Barley—Average weight per measured bushel, 46 pounds, compared with 46.9 in 1910.

Apples—Average production of 1911 crop, 62.4 per cent. of full crop, against 43.5 per cent. of a full crop in 1910, and 49.4, the ten-year average percentage of a full production.

LIABILITY HEARING GOES ON.

Rock Island Claims Attorney Supports Commissioner's Bill.

Washington, Nov. 9.—Speaking in support of the employers' liability and workmen's compensation commission plan for the commutation of payments on account of accidents, George E. McCaughan, claims attorney for the Rock Island system, yesterday told the commission of many instances in which it had been found desirable to pay the entire award at once rather than by instalments. He strongly recommended the adoption of the commissioner's suggestion permitting such commutation after six months.

STATE ENDED CASE.  
And Defense of Harley Bart Started in Rutland County Court.

Rutland, Nov. 9.—The prosecution rested its case and some important evidence was put in for the respondent in Rutland county court yesterday in the trial of the manslaughter case in which Harley Bart of Rutland is the respondent, the trial having been resumed yesterday morning after a recess since last Saturday because of the death of the fiancée of Juror John Learned of Timmouthe. One of the principal points that was brought out in the evidence was the denial that the heavy club exhibited to the jury by the state is the stick with which Bart struck Frank Smith of Pawlet during the altercation October 27, the man dying the following day. The fact that Bart was drinking at the time developed that through childhood Bart was puny and that even now his health is greatly impaired. It was also shown that Smith bore an ill-feeling toward Bart.

COLLECTS FROM WIFE'S ESTATE.

Unusual Suit Won by Dr. Louis Hazen in Chittenden County Court.

Burlington, Nov. 9.—The suit of Dr. Louis Hazen, apt. vs. estate of Elizabeth Hazen, his wife, which was heard in Chittenden county court last week, was decided yesterday by Judge Halt in favor of Dr. Hazen's recovering \$216.50, the full amount of the note sued for and interest since September 3, 1910.

This case was somewhat out of the ordinary. It appears that the plaintiff lent the sum mentioned to his wife before their marriage, the same going toward the payment for her place. They were married some time afterward, and Mrs. Hazen's death occurred only within a few years, the note not having been paid. Dr. Hazen put in a claim for the amount to the commissioners of Mrs. Hazen's estate, who disallowed it on the grounds that the marriage of the parties had cancelled the debt. Dr. Hazen appealed the case to county court when, after hearing, the court held that the debt was collectable.

BALFOUR RESIGNS

Steps Down as Leader of His Party in England.

London, Nov. 9.—A. J. Balfour has resigned the leadership of the opposition. WANTS A  
WHITE CANADA

British Columbia's Premier is Active

HE SEEKS TO PREVENT

All Immigration from Orient—He Is in Ottawa to Plead His Cause—Positive Restrictive Legislation Is What He Asks.

Ottawa, Nov. 9.—"A white British Columbia is what I have come to Canada's capital to urge," said Premier Richard McBride of British Columbia, who yesterday paid visits to the governor-general, the duke of Connaught, and to Premier Borden. "We want the Pacific coast of Canada to become a white man's country, and not to be flooded with Asiatics from Japan, China and India," continued the premier.

"Already we have too many people from those countries, and under our present laws, we are getting more steadily. The movement should be stopped now, in such a manner that it cannot be again commenced."

Premier McBride seeks positive restrictive legislation by Canada. Mr. McBride leaves here for New York to-day.

MASKED MEN ROB  
IN BROAD DAYLIGHT

Holdup in Ogdensburg Startles Business Section—One of Gang Is Caught.

Ogdensburg, N. Y., Nov. 9.—One of the most daring robberies ever attempted in northern New York occurred in this city at 8:30 o'clock yesterday morning, when three masked men entered the office of the Ogdensburg Coal & Towing company on Catherine street, in the heart of the business section of the city and, covering the clerks with revolvers, ordered them to deliver over the contents of the safe. John Himm, Jr., son of the president of the company, jumped out, threw a window in an effort to escape and was badly cut about the face. The other clerk, Gilbert Northrup, opened the safe and handed over the money, \$200. The robbers then ran from the office and separated, each robber going in a different direction.

The police were notified and soon rounded up a man whom they believe is one of the robbers, after a lively chase among the backhouses on the St. Lawrence river bank. The prisoner gave his name as Harold Reynolds and his age as 18 years and claimed Syracuse as his home. He said he had been all over the country. He would not divulge the names of his companions or give any information regarding them.

About \$100, a loaded revolver and a mask were found on the man. The others of the trio will probably be captured soon.

The prisoner was found to be Henry Rappelyea, 18 years old, son of the professor of mathematics in Oswego state normal school.

LACKAWANNA MELON CUT.

Stock Dividend of 35 Per Cent Declared by Directors.

New York, Nov. 9.—Directors of the Delaware, Lackawanna & Western Railroad company yesterday sliced another "melon" by declaring a stock dividend of 35 per cent., paying in stock of the Lackawanna Railroad company of New Jersey. Approximately \$10,000,000 of this 4 per cent. guaranteed stock will be paid to the stockholders of the Lackawanna railroad.

FIVE LEFT IN THE  
McNAMARA JURY BOX

State Exercises Peremptory Challenges in Case of Two Talesmen and Defense in Case of Five.

Los Angeles, Nov. 9.—The jury box in the McNamara murder trial was filled Tuesday with talesmen accepted as to cause, and peremptory challenges were exercised by both sides. Tuesday night but five of the twelve men remained, and the defense had reserved the right to challenge some of those if it desired. Should it not so challenge it cannot excuse these men later on. The defense lost every appreciable point for which it contended yesterday. The five men left in the box Tuesday night were:

Robert Bain, carpenter, who organized the first labor union in Los Angeles. F. D. Green, orange grower, who said he had read magazines about the case without prejudicing his mind.

Byron Lisk, a retired mill owner, who said he had no opinion as to the cause of the Los Angeles Times explosion.

Sam Mendenhall, orange grower, who was without an opinion.

William Clark, who said he took sides neither way.

The challenges were exercised alternately. The state led off with Frank Frakes, who admitted an acquaintanceship with Attorney Le Compté Davis, for the defense. The defense excused George W. Johnson, a retired foundry physician; Walter N. Frampton, a farmer, who said he believed the Times building was blown up by dynamite, and A. C. Winter, a builder and contractor, who had an opinion concerning the guilt of McNamara which he said would require much evidence to remove. This leaves the state with eight peremptory challenges and the defense with fifteen.

Immediately after adjournment of court the attorneys for McNamara decided to bring the charge of prejudice on the part of Judge Bordwell. On renewing their accusation that Judge Bordwell is unfitted to preside over the trial because of his bias against the prisoners, McNamara's counsel intend to assemble all the rulings of the judge on material issues since the trial opened and urge them as evidence that he is not disposed to act fairly. Affidavits are being prepared for James B. and John McNamara to sign for the allegation is made that they are satisfied that they cannot be fairly tried before Judge Bordwell.

The decisions of the court refusing to dismiss talesmen McKee, Winter, Frampton, Johnson and Case for positive opinions declared to be inimical to the interests of the prisoner in four instances and for incompetency, as far as Dr. Case is concerned, will be cited as examples of judicial prejudice. The courts ruling dismissing Talesmen Adams and Morton, whom the defense considered fair and impartial, will be offered as a further support to the charge of bias in the mind of Judge Bordwell. These affidavits, with the demand that Judge Bordwell retire in favor of some other judge, will be presented Monday or Tuesday, so Mr. Darrow said last night.

"You don't expect that Judge Bordwell is going to do anything else than overrule the motion for change of venue on the ground of his prejudice, do you?" Mr. Darrow was asked.

"I suppose he will deny the motion," admitted the lawyer. "We must set forth the facts, regardless of what happens. There are higher authorities than Judge Bordwell and we are preparing for an appeal to them. Further, don't forget that a great public is watching this trial, and it is a public that believes in and insists upon a square deal here, and the people have a right to know it."

PLAN IS  
APPROVED  
As Presented to Court by Tobacco Trust

THE LAW IS COMPLIED WITH

Dissolution Is Ordered Without Delay, but Government's Reservation Is Held Not to Be in Court's Power to Grant.

New York, Nov. 9.—The litigation which the federal government began four and a half years ago to break up the tobacco trust approached the stage of completion yesterday, in the final acceptance by the United States circuit court, with a few modifications of the much-discussed plan which the trust itself drew up for dissolution in accordance with the mandate of the United States supreme court.

None of the judges regarded the plan as perfect, but all declared an ideal plan beyond attainment and the one submitted seemed a practical compliance with the law. The judges asserted their belief that the plan is honest and there is no question of the good faith of its authors.

The features of the opinion are that the dissolution must be consummated without delay; that Attorney-General Wickersham's request for the government's reservation of the right to apply for relief within five years if the plan doesn't result in harmony with the law, is declared not within the authority of this court to grant; that the court enjoins the 29 individual defendants for three years from acquiring additional holdings in the companies into which the trust is split and that the independent application for the dissolution of the United Cigar Stores company lay outside the authority of the court, though individual action might be taken later against that company as an individual corporation.

Counsel for several independent companies declared an attempt would undoubtedly be made to have the decision reviewed by the United States supreme court.

MAY TRY EDDY WILL CASE  
IN LOWER COURT

Hearing on Motion for Remand Provisionally Set for Next Tuesday.

Concord, N. H., Nov. 9.—Chief Justice Parsons of the supreme court yesterday provisionally granted the request of William E. Chandler, counsel for George W. Glover in the litigation over the will of Glover's mother, Mrs. Mary Baker G. Eddy, for a hearing on Tuesday next, on Mr. Chandler's motion to remand the case to the superior court for trial and decision. The court ordered that if Mr. Chandler filed his brief on Saturday next he would be given a hearing on Tuesday morning next, otherwise there would be no argument until the case came before the supreme court on the demurrers set up by the defense.

The case, originating in Glover's suit in the superior court to have the residuary clause of Mrs. Eddy's will declared void, was sent to the supreme court for a determination of the points of law involved.

NEW STANDARD OIL CASE.

Company Takes Missouri Ouster Verdict to Supreme Court.

Washington, Nov. 9.—More Standard Oil troubles were before the supreme court of the United States yesterday for consideration. Last spring the court directed the dissolution of the Standard Oil company of New Jersey. This time it is to pass on the action of the state courts of Missouri in ousting the Standard Oil company of Indiana and the Republic Oil company of New York from doing business in Missouri. They were charged with having violated the state anti-trust laws by conspiring to control the price of petroleum in the state and with monopolizing petroleum. In addition to requiring the corporations to go home, the Missouri courts fined each company \$50,000. The corporations now attack the constitutionality of the Missouri anti-trust laws. Among other things it is said that the statutes violate the federal constitution by exacting a different and a greater punishment for violations by corporations than by individuals.

FRAUD CHARGE IN MAGAZINE.

Lawyer Held in \$15,000 on Complaint of Federal Authorities.

New York, Nov. 9.—J. F. B. Atkin, a lawyer connected with the Columbia Sterling Publishing company, publishers of the Hampton-Columbia magazine, was placed under arrest yesterday by postoffice inspectors on a charge of using the mails to defraud investors in selling stock of the publishing company. The lawyer was held in \$15,000 bail for examination on November 14.

Assistant District Attorney Brown, asking for the high bail, said that the capital stock of the publishing company was \$4,000,000, and that the alleged swindle would aggregate about one-half that amount or around \$2,000,000.

ROYAL DYNASTY HELPLESS.

Regent Prince Chun Said to Be Incapable of Connected Thought.

Pekin, Nov. 9.—It is semi-officially stated that the regent, Prince Chun, is incapable of connected thought, and that then nobles are unable to agree upon a definite time of action. It is said that the throne intends to issue an edict denouncing that discredited officers of the sixth division of the imperial troops murdered General Wu Lu-Cheng. The foreign board also denies that Manchus murdered the general, but they are unable to explain the subsequent fighting between Manchus and Chinese troops, the report of which has been confirmed from many sources. According to consular reports the government is losing the few remaining centres south of the Yang-tse-Kiang.
